

IC Catholic Prep
Geometry Enhanced Summer Review Instructions 22-23 - Mrs. Lotito

I hope you have had a great summer so far. I am looking forward to meeting you all and having a great year. This review will cover some of the important topics that you learned in Algebra last year and will give me an idea of what we need to go over during the first week of school.

Supplies for Geometry:

- Folder or binder for papers
- Pencils
- Graphing calculator TI-84+

Summer Review

The summer review will be an assignment on Delta Math. You will find instructions below for creating a new account or adding a new teacher so you can join Geometry Enhanced 2022-2023. Please take the time to watch the instructional video linked here for IMPORTANT getting started tips. This video will show you how to access the assignment, how to navigate between topics, how the assignment is scored, available help and resources, and how to enter your answers correctly.

<https://youtu.be/wyk2jjEvs4U>

A few notes:

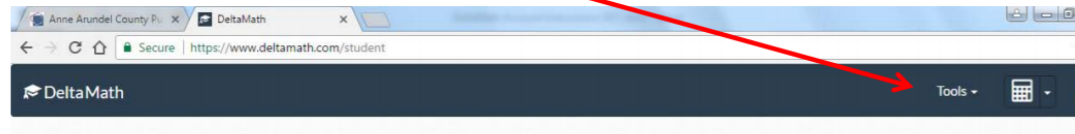

- All work must be done on a ***separate piece of paper***. Please label the problems (for example: Adding and Subtracting Integers #1, #2, etc) and SHOW WORK. **You must show work to get credit.** (There are a few problems where work is not necessary.) You must bring this to class on the first day.
- Once you click on the assignment, you can use the “**Show Example**” or “**Show Video**” tool to provide help. When you are ready to provide an answer, enter in the appropriate space. Then click “Submit Answer”. Directions for how to submit answers are included in the video link. *****IMPORTANT: to go back to the list of assignments, please use the “Back” button on the website, NOT the back button in your browser!*****

If you have any questions on this review, you can email me at alotito@iccatholicprep.org

FOR THOSE WHO ALREADY HAVE A DELTA MATH account:

IF YOU ALREADY HAVE A DELTA MATH ACCOUNT:

Log into your account and click on the tools button.

Using the drop down menu, choose **MANAGE LOGIN AND CLASSES**.

Find the Add Teacher button and enter my **teacher code 562797** and **select Geometry Enhanced 2022-2023**.

Course Registration

Course Code or Teacher Code

Select a class

Teacher Name: Mrs. Lotito

Instructions for creating a Delta Math account:
