

IC CATHOLIC PREP

PRECALCULUS HONORS SUMMER REVIEW/SUPPLY LIST

I hope you have had a restful and enjoyable summer so far. I look forward to teaching you in AP Calculus. I hope to instill in you a love (or least an appreciation) for Calculus. If you are willing to work hard, you can all be successful! I look forward to a great year.

Supplies for Precalculus:

- *3-ring binder or folder for preprinted notes
- * 3 or 5 subject notebook for homework or pack of paper
- * pack of graph paper
- * graphing calculator TI-84+

Summer Review

The summer review will be an assignment on Delta Math. You will find instructions below for adding a new teacher so you can join Precalculus Honors 22-23. Please take the time to watch the instructional video linked here for IMPORTANT getting started tips. This video will show you how to access the assignment, how to navigate between topics, how the assignment is scored, available help and resources, and how to enter your answers correctly.

<https://youtu.be/wyk2jjEvs4U>

A few notes:

- All work must be done on a separate piece of paper. Please label the problems (Interval and Inequality Notation #1, #2, etc) and SHOW WORK. **You must show work to get credit.** (There are a few problems where work is not necessary.) You must bring this to class on the first day.
- When you log in, you will be taken to a screen which lists all of the tasks you have to complete. The overall progress and grade are recorded as you complete assignments. Your score and progress are located at the top. Make sure to note how many problems you must get correct to complete the task. If a task says 0/2, then two problems are required.
- You have 2 attempts at a problem. If you get a problem wrong, try to find your mistake and correct it.
- Once you click on the assignment, you can use the “**Show Example**” or “**Show Video**” tool to provide help. When you are ready to provide an answer, enter in the appropriate space. Then click “Submit Answer”. **Directions for how to submit answers are included in the video link.** ***IMPORTANT: to go back to the list of assignments, please use the “Back” button on the website, NOT the back button in your browser!***

If you have any questions on this review, you can email me at midasek@iccatholicprep.org

There will be a test covering all material in this review within the first few days of school.

More on the next page...

FOR THOSE WHO ALREADY HAVE A DELTA MATH account:

IF YOU ALREADY HAVE A DELTA MATH ACCOUNT:

Using the drop down menu, choose **MANAGE LOGIN AND CLASSES**.

Find the Add Teacher button and enter my teacher code 622140 and **select Precalculus Honors 22-23**

Log into your account and click on the tools button.

Add a New Class:

Teacher code or class code:

Instructions for creating a Delta Math account:

1. Go to www.deltamath.com.
2. Select For Students button.
3. Click the Register button
4. Enter Teacher Code: **622140** (add personal teacher code)
5. Select a class from the pull down menu (insert the class name here)
6. Under student and login information, click Register with Google button. **Make sure you use your IC google account.**

7. Once you Register with Google, you should be taken to the Summer Review page.
